FOURTH OF JULY AT FAIR GROUNDS

Children Will Be Given a Rare Chance to Celebrate the Day—Daylight Fireworks.

The Fourth of July committee met Friday evening at the Weber club. A majority of the committee was present. The committee decided to join the Ogden Baseball club who have a lease on the Fair grounds for the afternoon of July 14th. The committee will give an entertainment to the children; adults also are invited to be present. It has been decided to set apart the infield, inside of the race track, for firecracker shooting and other amusements.

The committee will prepare a program immediately to cover all Fourth of July sports, such as races for boys and girls. There will also be one or two races with Shetland ponies. The greasy pole will be there with a \$5.00 gold piece on top. There will be music by the band. A merry-go-round will be on the grounds to accommodate the children. Ice cream and refreshments can be secured in the annex of the grandstand.

There will be positively no intoxicating liquors of any kind sold on the grounds. Neither will anyone be allowed to bring any there.

The committee has wired to San Francisco for a supply of daylight fireworks, something never seen in Ogden. These fireworks are unique. They do not shoot high into the air, but make a most pleasing, interesting and attractive exhibition.

The committee says they have selected the Fair grounds for the specific reason that the shooting of firecrackers there is not liable to cause any great damage by fire, on account of its isolated position. The city waterworks main has been run down to the Fair grounds and if any damage is done, it will be to the Fair grounds property.

The committee says they had considered a number of places to pull off their entertainment, but find tall dry grass or inflammable fences close buildings which made it impracticable to select any other place so safe as the Fair grounds.

The committee says they have no intentions of holding up the merchants for any money, but, in order to pay for the daylight fireworks and other expenses, they will charge the very small charge of 10 cents admission for children and grown people, excepting that all children six years and under, coming with their parents, will be admitted free. Any shortage that will be created will be paid from the receipts of the baseball game in the afternoon. It is expected to take in enough money at 10 cents to pay for the daylight fireworks, which are very expensive.

The committee, however, will ask some of the leading merchants to contribute prizes suitable for the various races and they will publish the names and prizes donated and only want such people to donate who feel willing to do so.

Mr. Sanderson, chairman of the committee, says he wants to pull off a program and have it so conducted that all parents will be satisfied with their children being at the Fair grounds. The committee has asked the mayor to furnish ample police protection and also that the city physician be present, in case of minor accidents, and the mayor has promised all that, and will probably have several of the other physicians present to assist at any time. It is expected on this occasion that the parents themselves will come with their children and witness what, it is said, will probably be the last Fourth of July with fireworks.

All over the land the theory of the same Fourth of July is taking hold. Organizations are being perfected all over the country to cut out the fireworks, and the legislatures of several states next winter are expected to pass laws cutting out fireworks on the Fourth of July.

Fireworks of a dangerous nature will not be allowed on the grounds. The committee will also make arrangements with someone to sell firecrackers and only safe fireworks will be sold on the grounds and at a price no greater than the regular retail prices in any store in Ogden. The committee wants it distinctly understood that there will be no "hold up" on the grounds.

Ice cream cones will be 5 cents each, soda water will be 5 cents per bottle and everything in proportion. The committee is very sensitive on this point, they don't want to hold up the children on the Fair ground, but just want to play fair. The committee realizes that they cannot deprive young America of that patriotic feeling which every native born child possesses and for that reason has provided for the shooting of firecrackers on a place where there is no danger of fire and plenty of room for five thousand children.

The children's program will conclude at 12 o'clock. At 2 o'clock, sharp, in the afternoon the Ogden vs. the Salt Lake league baseball game will be played and between the innings of the game the Jeffries-Johnson prize light returns will be announced through a megaphone. A telegraph wire will be on the grounds, the wire leading direct from the ring at Goldfield to the Fair grounds.

NOTICE WATER CONSUMERS

Hours for sprinkling lawns will be strictly enforced from June 1, 1910, as follows:

East of Adams Avenue—6:00 to 8:00 a. m.; 5:00 to 6:30 p. m.

West of Adams Avenue—8:00 to 10:00 a. m.; 6:30 to 8:00 p. m.

Inspectors are instructed to see that sprinkling is confined to the above hours, and when water is found running to turn off without further notice.

\$1,000 IN CASH

And 40,000 Shares of Stock Are to Be Distributed Among Buyers FREE

The Lucky Man Mining Company has decided to use its allowance for selling commissions in a novel manner. The usual ten per cent will be distributed among those who buy the stock instead of those who sell.

Three Hundred Blocks of Lucky Man Mining Stock will be placed on the market tomorrow. Each Block will consist of One Hundred Shares at Thirty-Five Cents a Share. A Coupon is to be given with each block, which entitles the purchaser to a chance in the drawing for One Thousand Dollars Cash and Forty Thousand Shares of Stock which has a value today of Thirty-Five Cents a Share.

It is customary to give agents who sell mining stock ten per cent in stock; this company has decided to sell its own stock and give the selling reserve to the men who buy. There will be just Three Hundred Lots of One Hundred Shares each—One Coupon in the Drawing with One Block or Four Coupons with Three Blocks of stock.

THE LIST OF PRIZES

- 1st Prize—10,000 Shares Lucky Man Mining Stock.
- 2nd Prize—5,000 Shares Lucky Man Mining Stock.
- 3rd Prize—3,000 Shares Lucky Man Mining Stock.
- 4th Prize—1,000 Cash.
- 5th Prize—2,000 Shares Lucky Man Mining Stock.
- 10 Prizes—6th to 15th. Each 1,000 Shares Stock.
- 10 Prizes—16th to 25th. Each 500 Shares Stock.
- 10 Prizes—26th to 35th. Each 200 Shares Stock.
- 40 Prizes—36th to 75th. Each 100 Shares Stock.

Each coupon entitles the holder to a chance on the

seventy-five prizes—so that each holder really has seventy-five chances to win. The proceeds which are sure to be quickly raised from this plan will be used in installing the machinery which will immediately put the Lucky Man Mine among the big shippers of Nevada. Subscriptions for these special blocks of stock will be received by

F. M. FARRELL,
Manager of the Company, at
2265 LINCOLN AVENUE, OGDEN.
